# K&M SHOOTING COMPLEX OVERVIEW

# K&M SHOOTING COMPLEX OVERVIEW

K&M's Law Enforcement and Military Tactical Training Division provides formal firearm training and facility use to law enforcement, military, government, and private sector organizations. We utilize combat-proven and competitively accomplished cadre. The diversification of our instructors provides a broad perspective and the best talent available from Special Operations, Law Enforcement, Military Instructors, and Civilian Competitors. This unique blend of expertise and experience, combined with a dedicated and purpose-built facility, is simply unrivaled. It allows us to offer the most efficient and professional training available.

To request training or facility use for your unit/group/agency please contact us for availability and pricing. Custom or modified courses are done often and by request to fulfill Police Department and Military unit requirements. Integrating different handgun, carbine, and long-range disciplines is common and available. K&M can provide custom or specialized training or just simply provide the ranges and training areas required to conduct your training. Don't hesitate to get in touch with us to discuss your particular needs.

K&M Shooting Complex was designed to be the preeminent training facility in the nation. A comprehensive plan was shaped by decades of experience in the community and a broad comprehension of the best ranges, military facilities, and shooting complexes across the country. Routinely referred to as the "Augusta National" or "Disney World" of training facilities, the K&M Shooting Complex was drawn from the ground up, designed, and built for the exclusive purpose of facilitating our training. Our students benefit from a wide-ranging and complete curriculum where the training program dictates the facilities, not the other way around.

The Complex offers a scenic yet demanding environment that is ideal for real-world training, year-round. The facility's extensive acreage enables the use of over a dozen different ranges simultaneously. The 270-degree span of impact area enables engagements with varying winds, wooded areas, urban areas, and open field targets. The facility was purposely designed and built to maximize time and training effectiveness.

K&M supports and trains domestic and international Military/Special Operations Units, SWAT/SRT Law Enforcement Teams, civilians, and leading competitors from across the nation. K&M is also the home to the largest national-level shooting competitions and has established a reputation as one of the elite firearms training facilities across the country.

# K&M ONSITE LODGING OPTIONS

*K&M has 52 beds on-site and is within 30 miles of numerous commercially available hotels.*

## K&M Guest Lodge

- The K&M Guest Lodge offers five comfortable, private bedrooms and sleeps up to 8 individuals.
- Three private rooms each offer a queen and a twin bed; two of the rooms have one queen bed each. There are two large bathrooms.
- All linens, pillows, and towels are provided for guests, as well as a fully stocked laundry area.
- Open-concept design, with stunning natural wood, from the floor to the cathedral ceiling. The bright atmosphere of the main area makes this the perfect setting to relax and unwind after hours. Settle in on the soft leather sofas to watch a movie on the large, flat-screen television or simply enjoy the solitude the K&M Lodge offers.
- Fully stocked eat-in kitchen, featuring granite countertops, solid wood cabinets, and stainless-steel appliances. Everything needed is right at your fingertips.
- Additional Amenities
  - Direct TV
  - Wi-Fi
  - Smoker & BBQ Grill
  - Firepit
  - Gym

[DETAILED LODGING  
INFORMATION CLICK HERE](#)

## K&M Private Cabins #1-3

- Each of the three K&M Private Cabins is outfitted with 3 queens and each sleeps 3 people comfortably.
- Each cabin has a small kitchenette (fridge, microwave, and Keurig coffee maker) and provides the opportunity to heat up/prepare breakfast, lunch, or dinner.
- Guests have access to a smoker, BBQ, and firepit just outside the front door as well.
- The cabin consists of a living area with a sofa, coffee tables, robust heating, and air conditioning system, Direct TV, Wi-Fi, and a fresh private bathroom.
- The K&M Gym and Executive Clubhouse are just steps away.
- All linens, pillows, and towels are provided for our K&M Cabin guests.

# K&M ONSITE LODGING OPTIONS

K&M has 52 beds on-site and is within 30 miles of numerous commercially available hotels.
